

INCOME FUND

A Shares: AFPAX | U Shares: AFPUX | I Shares: AFPIX

The Fund seeks to maximize income, while maintaining prospects for capital appreciation, by investing in a diversified portfolio of dividend paying stocks and income producing ETFs.

INVESTOR PROFILE

This Fund is suitable for investors who:

- seek monthly income and capital growth over the medium to long term;
- have moderate risk appetite;
- seek investment opportunities;
- desire broad diversification across dividend paying stocks and other income producing securities.

INVESTMENT STRATEGY

The Fund screens for dividend and income generating securities with favorable long-term fundamentals. Holdings and watch list candidates are continuously evaluated using macro, fundamental and technical analysis. The Fund expects to hold between 50 to 100 names. Winners are allowed to run up to 4x initial weighting, while relative underperformers with deteriorating fundamentals are reduced or sold.

*Benchmark is the Lipper Flexible Portfolio Funds Index. Indices assume reinvestment of all dividends and distributions and do not reflect any fees, expenses, or sales charges. You cannot invest directly in a Lipper Index.

Performance data shown is past performance. Investment return and principal value will fluctuate so an investor's shares, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than the performance data quoted above. Past performance is no guarantee of future results. The gross annual fund operating expense ratio for the Class I share class is 2.53%. The net operating expense ratio is 1.75%. The Fund's investment adviser has contractually agreed to reduce its fees and/or absorb certain expenses of the Fund, at least until 10/31/2024, through an expense limitation agreement in order to limit annual fund operating expenses to 1.40% (I shares). Operating expenses include management fees, distribution, administrative, legal registration and other expenses. If fee waivers had not been included performance would have been lower. Performance data current to the most recent month end can be obtained by calling 1-877-217-8501.

NOT FDIC INSURED | NOT BANK GUARANTEED | MAY LOSE MONEY

As with any mutual fund, there is no guarantee that the Fund will achieve its goal. The Fund's net asset value and returns will fluctuate and you could lose money on your investment in the Fund. Credit Risk. There is a risk that issuers and counterparties will not make payments on securities and other investments held by the Fund, resulting in losses to the Fund. Stock Market Risk. Overall stock market risks may also affect the value of the Fund. Factors such as domestic economic growth and market conditions, interest rate levels and political events affect the securities markets. Turnover Risk. Because the Fund may reconstitute periodically due to fund flows and rebalancing the Fund may have portfolio turnover rates in excess of 100%. Increased portfolio turnover causes the Fund to incur higher brokerage costs, which may adversely affect the Fund's performance and may produce increased taxable distributions. ETF Risk. When the Fund invests in another investment company, including an ETF, it will indirectly bear its proportionate share of any fees and expenses payable directly by the other investment company. Therefore, the Fund may incur higher indirect expenses by using ETFs. Lipper Flexible Portfolio Funds Index - is an unmanaged equal dollar weighted index of the largest mutual funds within the Flexible Portfolio fund classification as defined and tracked by Lipper. Unlike other indexes, the Lipper index includes the fees and expenses of the mutual funds included in the index. Fund Holdings and/or security allocations are subject to change at any time and are not recommendation to buy or sell any security.
